10 PRIORITIES FOR A BETTER ARKANSAS

2010-2011

- Improve opportunities to learn for all students by implementing proven solutions to close education achievement gaps.
- Support fair tax reform that lowers the burden on low- and middle-income families, while protecting the integrity of the state budget.
- Implement energy policies to save consumers money, create jobs, and combat climate change.
- Develop a new state water plan that uses the best science and engages a broad range of Arkansans.
- Oppose all attempts at state-level immigration reform and oppose punitive anti-immigrant legislation.
- Ensure that all graduates of Arkansas high school graduates have the opportunity to pay in-state tuition at state colleges by passing the DREAM Act.
- Require the oil and gas industry to follow best management practices to protect landowner rights and Arkansas's water resources.
- Discourage wage theft by increasing penalties for any employer who refuses to pay workers.
- Reform prison sentencing practices to make the parole process unbiased, reduce costs, and restore former inmates back into productive society.
- Insure 43,000 more low-income children by expanding the ARKids First health insurance program.
